# Nominate deserving **FEMALE** Grade 12 students

## Applications are open for STEM MentHER programme

School Principals and Educators are invited to nominate deserving **Grade 12 female students** in Gauteng and the Western Cape to join the **STEM MentHER** programme, which guides and streamlines students into the STEM fields of study: **Science, Technology, Engineering and Mathematics.**

### Successful candidates:

- are mentored by female academics and postgraduate students
- gain access to tailor-made programmes aimed at grade 12 students
- will become role models for other girls.

## HOW TO NOMINATE A CANDIDATE

- Submit the student's final Grade 11 academic results and a brief motivation (not exceeding 900 words) explaining the student's aspirations and why they should be admitted into the programme.
- Clearly state the nominator's and nominee's NAME, SCHOOL, CONTACT NUMBER and EMAIL.
- Email your nomination to Dr Cerene Rathlal at [stemmenther@gmail.com](mailto:stemmenther@gmail.com) with the subject line:
  - 'STEM MentHER Gauteng Nomination' (for Gauteng nominations) by **13 March 2023.**
  - 'STEM MentHER WC Nomination' (for Western Cape nominations) by **15 March 2023.**

## PLEASE NOTE:

- Nominations are **ONLY** accepted from Principals and Educators at schools in Gauteng and Western Cape.
- Nominated students in Gauteng need to be able to attend events at the University of Johannesburg and surrounds; students in the Western Cape need to be able to attend at Stellenbosch University and surrounds.
- Principals and Educators can **ONLY** nominate Grade 12 female students from their school.
- More than one Grade 12 female student at your school may be nominated.
- A successful list of candidates will be announced publicly a month after the closing date.
